

CRAIG S. KIESSLING

SEO Director

Management & Training / Strategy & Execution

Atlanta, GA
Tel: (470) 426-6152
craig@craigkiessling.com

PROFESSIONAL SUMMARY

I'm a passionate SEO professional with over 15 years of experience in Atlanta, GA and South East Asia.

Organic "White Hat" holistic SEO is where my strengths truly lay. Strategy, Management, Execution, On-Page, Off-Page, Technical, Content Creation, Development as well as many other aspects and activities make up my Digital Passion & Expertise in Search Engine Optimization.

I enjoy developing Baselines; doing complete Site Audits, researching Analytics, Social, Search and more to help understand the current Competitive Landscape. Knowing "where we are" is essential to setting goals of "where we want to be" and planning Roadmaps to get there.

Data and Analytics are crucial, however qualitative research and creativity helps make sense of the numbers; identifying trends, offline factors and most importantly the users' mind helps not only add a human touch to technology, but makes metrics insightful and actionable.

When it comes to Content Management Systems, I must admit to being a WordPress fan – I've Designed, Developed, Managed, Optimized, and Developed Content for numerous websites.

I enjoy being the stand-alone guy or working in conjunction with others to drive results, gather insights, and develop ongoing best practices. I've worked on site and remote, as well as varying shades in-between. I've worked with small and large organizations in multiple industries and technologies.

WORK EXPERIENCE

SEO DIRECTOR

WrightIMC
Plano, TX

August 2019 - November 2019
Remote / Telecommute

A short role with a great company, that wasn't quite ready for a remote relationship.

However, in the time there, I sat in on kick-off, status update and internal meetings, bringing to the table consultative advice from years of experience in areas of research, process, development and more; all in regards to SEO for client sites.

Full-range site (and off-site) audits, optimization implementations, procedural roadmap creation, site fixes, content changes and more.

SEO EXECUTIVE

InterCoastal Net Designs (ICND)
Ocean Isle Beach, NC

March, 2016 – Sep. 2018
Remote / Telecommute

A focus on SEO for 10+ clients and over 100 billable hours monthly within WordPress environments (*and a migration or two into WP*), involving all aspects of SEO, Analytics and Reporting.

Responsible for implementing SEO programs across 10+ accounts.

Advanced Technical Site Analysis - Including but not limited to: canonicalization, site architecture optimization, inbound/outbound link analysis, error reporting, 301 redirects, meta data optimization, page load speed analysis, on-page optimization including textual content optimization, image optimization, internal linking, and more.

Content Strategy - Conduct keyword research used to inform original, unique, informative, helpful and converting content, while managing and educating content writers on SEO. Often involved proofreading, editing, optimizing, etc.

Company-Wide SEO Education - Develop educational programs for SEO best practices. Created educational documents, presentations, etc. for team leaders to increase efficiency and productivity in terms of Search.

Website Management - (HTML / CSS / PHP / WordPress) - Administration of all WordPress sites - customization, SEO, back-end usability for clients, white-labeling and much more.

Reporting - Created in-depth monthly reports for clients, utilizing a variety of data sources, with customized explanatory text.

SEO DIRECTOR (CONSULTANT / MANAGER / [DOES IT MATTER?])
CSKnet
Atlanta, GA
